

# HOW TO BUILD YOUR HOME GARDEN

a step-by-step instruction manual

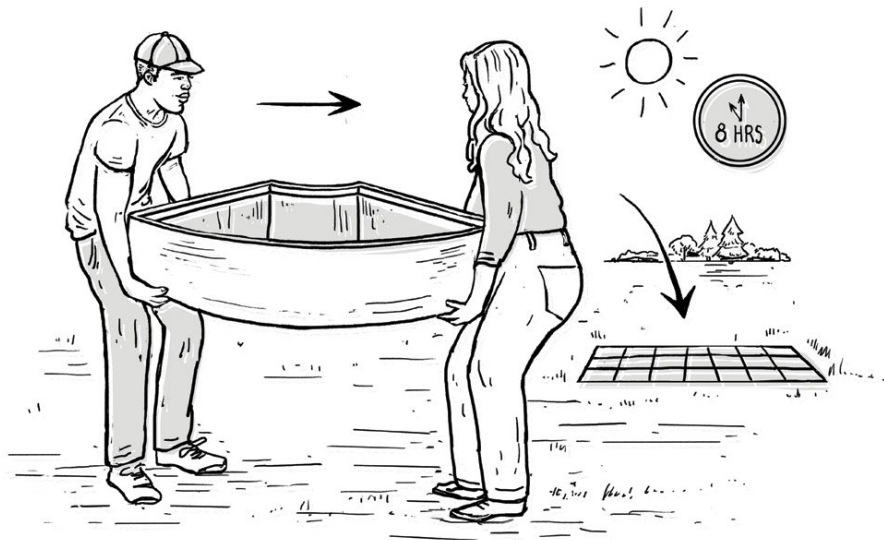

Gather your supplies! Here's what you'll need to build your garden:

Place your garden bed. We recommend a flat surface that get's at least 6-8 hours of sunlight.

1

\*Add soil after placing the bed, once added the bed will be too heavy to move.

2

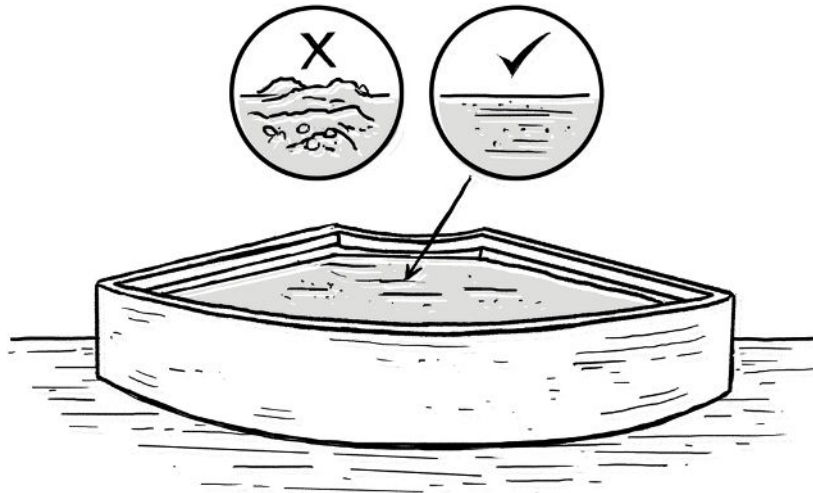

Prepare your soil.

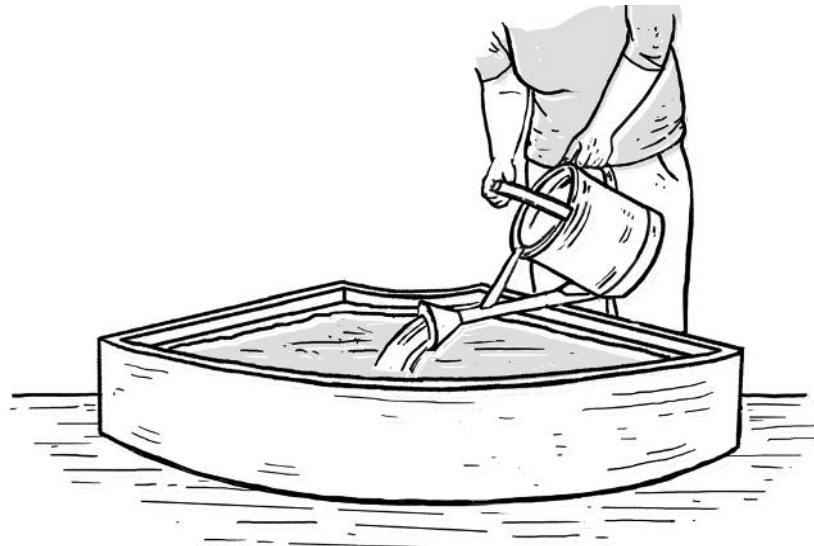

3

4

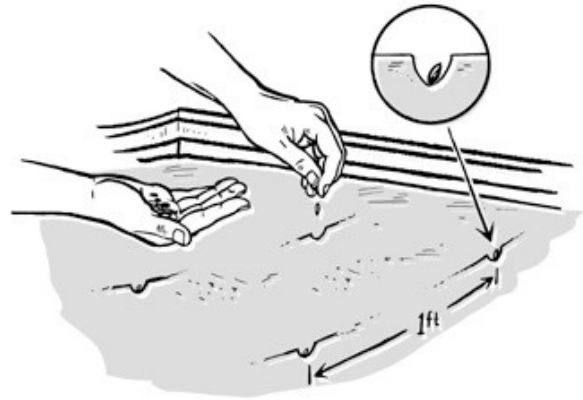

5

Plant your seeds by following the directions on your seed packets.

6

7

It's best to water daily to ensure you'll have a happy harvest.

8

You did it! Nice work. Take a moment to think about the space you've built and the things you're going to grow!
